EDMONTON, ALBERTA, WEDNESDAY, APRIL 2, 1952

Agricultural Board Orders Riddance Of Scrub Bulls From Athabasca M.D.

ATHABASCA — At the March 1 meeting of the Agricultural Service Board of the Municipal District of Athabasca, Supervisor Armfelt stated he had mailed registered letters to 14 ratepayers in the municipal district, informing them to get rid of their scrub bulls within two weeks, and failing to do so, they would be prosecuted. Of the 14 persons who were mailed notices, the following seven were present at the meeting: J. Litwin, W. Mettison, E. Mikaluk, Isaac Fedorchuk, Peter Choney, and Mike Harnee, and Dan Turkowski, and the following seven did not attend the meeting: P. Nimko, Wm. Fotty, A. Wronko, C. Kosinski, John Kosinski, Anton Turbaire and J. Daiglo.

A discussion took place re scrub bulls, and it was suggested they be given a short period in which to get rid of them, and buy pure bred.

Moved by Member Hoglund, seconded by Member Olson, that all persons owning scrub bulls must have them castrated, or get rid of them by May 1st, 1952 or be prosecuted. Carried unanimously.

Member Godel stated he would hold a meeting in the New Pine Creek district to explain the bull policy to them.

A ratepayer from New Pine Creek interviewed the board re his scrub bull, stating he had no money to buy a registered bull. Member Aloisio pointed out to him he could sell his bull, and get a government bonus of 15 per cent, and with the sale price and the bonus he could easily purchase a registered bull.

The meeting was called to order by Chairman Aloisio at 2:15 p.m. in the Provincial Building, Athabasca.

Present were Members Aloisio, Olson, Hoglund, Breckenridge, and Godel; Supervisor Armfelt and Secretary S. Ward.

Bangs

Bob Philpzyk interviewed the board re calf vaccination for Bangs disease and asked when it would be commenced. Member Godel stated he was now making a survey of the municipal district to find out how many calves there were in the district, and when they were located, and the survey was completed, the work would start. Mr. Philpzyk asked that the vaccination be held off for a few months, until such time as the foot and mouth disease had been controlled by the Dominion Government. Member Godel stated there was hardly any possibility of contagion between the two diseases, through inoculation of calves for Bangs.

G. Bahry Jr. Weeds

George Bahry, Jr., interviewed the board re a condemnation notice he had received for 60 acres of land on the S.W. 25-65-24-4, for Canada and sow thistle. He stated he needs the crop from this 60 acres to live on, and he would promise to spray it, whenever it was necessary, if he was permitted to crop it.

Moved by Member Aloisio that George Bahry, Jr., take an affidavit that he will spray the crop on the 60 acres on the S.W. 25-65-24-4, which has been condemned, whenever spraying is necessary to the satisfaction of the service board, and when this affidavit is sworn, that he be permitted to crop this 60 acres of land for 1952. Carried.

A complaint was made by Mr. Seifridt that Sec. 30-63-20-4, was badly infested with weeds, and he asked the supervisor to inspect this land this year, and to do something about it.

H. Ray Weeds

The Supervisor was instructed by the board to notify Harold Ray

that he must cut his Altaswede clover twice a year for hay, and not let it go to seed.

Toad Flax

The meeting was informed that Toad Flax is now a Class A weed.

Bangs

Letters were read between G. Godel and the Dept. of Agriculture re amending the Bangs Act, and re foot and mouth disease. It was stated that 18 head of cattle were shipped in to W. Harband by H. Kern, and the vet will test them for Bangs disease.

It was noted in one of the letters from the Dept. of Agriculture that Section 3, of the Bangs Act, only comes into force when the whole of the municipal district comes under compulsory blood testing.

Shorthorn Breeders

A resolution from the Shorthorn Breeders' Association of Colinton re compulsory blood testing for all animals brought into a calf vaccinating area, was approved by the board.

Moved by Member Breckenridge that the above resolution be forwarded to the Minister of Agriculture, with the board's approval.

Registered Bulls

Moved by Member Godel that the the service board ask the M.D. Council to approach the Government regarding licensing of all bulls within the municipal district, to start on January 1st, 1953.

Adjourn

Moved by Member Hoglund that the meeting adjourn at 6:00 p.m.

PLAMONDON NEWS BRIEFS

Mrs. Ray Varin spent a few days in Edmonton on business, and expects to take up residence in Plamondon.

Mrs. O. Gudmunson spent a few days at her farm at River la Biche last month, but has now returned again to her work at Vancouver.

Mrs. Valmore Plamondon made a business trip to Edmonton.

The telephone line to Amesbury, Breynat and Wandering River is still in the building. The telephone line will prove a great help to the residents of these districts. This event, the coming of the Government Telephone line, has been looked forward to for many years.

GIRLS' GARDEN CLUB CLEARS \$51 WITH SHOW, RAFFLES

PLAMONDON—The Girls' Garden Club sponsored a very successful evening on March 23, when a show and raffles were held in the Plamondon Community Hall. The hall was packed to capacity, and the girls cleared the amount of \$51.00. This fund will be divided between the local church and the crippled children's hospital.

Miss Andreassen, the Home Economist, was the winner of the first draw, this being a painting

donated and painted by Mrs. C. J. Somerville. Mrs. Albert Powder was the winner of the two other draws.

The Girls' Club wish to express their sincere thanks to all who helped to make their evening a success.

The Plamondon girls are now organizing their Garden Club for this summer. Any girls interested in joining the club please see Anita Gauthier or Winnie Charbonneau.

NEW CHRYSLER EXPERIMENTAL SPORTS-TYPE MODEL

Here is a view of the new Chrysler K-310 put on display recently by Chrysler Corporation. This experimental car has a wheelbase of 125½ inches, an overall length of 220½ inches and an overall height of 59 inches. It seats six persons comfortably with abundant headroom. It is designed for either the standard Chrysler FirePower V-8 180-horsepower engine or for the new K-310 engine, an evolution of the FirePower that develops 310-horsepower on commercial premium fuel.

Presber Plainer Mill Destroyed By Fire

Atmore — On March 22 the Presber Plainer mill was destroyed by fire. The fire began about three o'clock in the afternoon. Fire fighting chemicals were used, but proved unsuccessful. Workmen and volunteer persons helped to keep the fire from spreading to nearby lumber. The origin of the fire is unknown and the estimated loss is between \$25,000 to \$30,000.

Mr. and Mrs. Bob Rhein and daughter arrived on Thursday, March 27, from a trip to British Columbia.

Mr. O. Poulin is now the new dealer for the modern Case machinery for Atmore and district.

Mr. and Mrs. J. Bjorgan returned home on March 21 after passing most of the winter months away. Mr. Bjorgan took a mechanic's course in Calgary, while Mrs. Bjorgan and son visited her relatives in Saskatchewan.

Five Tried In Traffic Court

GRASSLAND — On Tuesday, Traffic Court was held in the Community Hall, with Police Magistrate Elliott of Westlock on the bench. Five defendants were fined amounts varying from \$2 to \$25 and costs.

After the close of court, Traffic Inspector Scott explained some aspects of the Highway Traffic Act.

New Regulations Announced Under Prairie Farm Assistance Act

MEANOOK — The Department of Agriculture Prairie Farm Assistance, Regina, Saskatchewan, has written to the Municipal District of Athabasca outlining new regulations under the P.F.A.A. for the coming crop year.

Following is the text of this letter:

Dear Sirs:

We are writing to you at this time to acquaint you with a recent Order in-Council documented under the Prairie Farm Assistance Act with respect to persons renting land verbally from a parent. The regulation reads as follows:

5. (1) An owner or tenant is not a farmer for the purpose of the Act;

(d) Where he rents his land from one of his parents otherwise than under a written lease executed before the first day of May of the year of the award, if

(i) he has received award for lands rented from one of his parents, and

(ii) he has received notice before such first day of May that to be eligible for an award he is required to rent the lands under a written lease.

The above regulation shall be strictly enforced.

Where a lease has expired, lease must be renewed. Neither an overholding lease nor an expired lease are acceptable under the above regulation.

Whatever assistance Municipal Officials can render in bringing the regulation to the attention of those farmers residing in your Municipality who operate land owned by a parent, shall be greatly appreciated.

Yours very truly,

R. MCGREGOR,

Director,

Prairie Farm Assistance Branch.

Junior Grain Club Holds Meeting

HYLO — The Junior Grain Club meeting was held on March 28, 1952.

Questions on agriculture were answered and the seed was distributed among all members.

Next Junior Grain Club meeting will be held at 7:30 p.m., on April 26.

NOTICE TO REPORTERS

Due to the holiday on Good Friday, it will be necessary to print your paper one day earlier than usual. It will be greatly appreciated if you could arrange to have your copy in early in order to comply with this new time. This applies to Easter week ONLY.

LAC LA BICHE NEWS BRIEFS

Mr. and Mrs. Premo Varze are the proud parents of a baby girl born Sunday at 4:40 a.m.

Dennis Richard came home to visit his parents, Mr. and Mrs. Louis Richard, for two weeks. He is with the Leduc drilling Company.

Mrs. Romeo Courtney visited in the City last week.

Hen Drilling Company is moving to their fourth well eight miles west of town, one half mile from the highway. They struck gas in well No. 3 and some oil at 1600 feet.

A birthday party was celebrated on Saturday night in honor of Miss Evelyn Thomas at her home.

Four more inches of snow fell last Saturday night, making a total of 18.5 inches.

FRAINS NEWS BRIEFS

Miss Helen Choma visited friends around Frains. Helen is working at Athabasca.

Mr. Bill and John Chopoidal are back at home. They worked in the bush all winter.

Mr. Nick Chodan took a holiday for a few days. His brother, Steve, took over his teaching job.

Mr. and Mrs. Fred Sawchuk visited Tony Sawchuk last weekend.

Many children have been missing school, because of the flu.

EDITORIALS

B.C. Cattle Embargo

The smallest-minded bit of inter-provincial politics is being played by the British Columbia Government with the Foot and Mouth Disease outbreak in Saskatchewan, as the excuse.

As far as the disease itself is concerned, there isn't any more trace of it in Alberta than there is in British Columbia. B.C. has no valid reason on this score for its embargo against Alberta cattle.

All they're trying to do is to maintain an artificially high market price for their own B.C. cattle. The embargo is a denial of our Canadian Federation. One retaliatory step we could make would be to ban importation of B.C. fish in order to boost the price of northern lakes fish, but this would be as small minded as the cattle embargo and would be no credit to Alberta.

The Alberta Government is right in insisting that the embargo should be ended and we feel certain a test case shipment of Southern Alberta cattle to B.C. will prove the illegality of the Coast Province's ruling.

To protect cattle raisers in the Peace River Block in their own Province, British Columbia is permitting shipments from Northern Alberta. If it's right to accept shipment of cattle from one part of the province—it is right and proper from any other part.

This idea of creating trade barriers between Canadian Provinces is, perhaps, more dangerous than the Cattle Disease which has been stamped out. What can we do with people who want to "balkanize" our free country?

It Was the Best of Times

"It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness, it was the epoch of belief, it was the epoch of incredulity, it was the season of light, it was the season of darkness, it was the spring of hope, it was the winter of despair."

Writing so many years ago, Charles Dickens might have had in mind this Year of Grace, 1952.

Certainly it is the best of times for never has man reached so high a peak of inventiveness, so lofty a pinnacle of compassion toward his suffering fellows; certainly it is the worst of times, for seldom in the world's story has fear so hovered over mankind, fear of war and total destruction because of man's invention of death-dealing instruments.

The twentieth century is an age of wisdom for man knows more about the environment in which his life is led, about the universe and indeed about the Providence that activates the universe than ever before; it is an age of foolishness because man, with all his knowledge has not learned how to live in peace with his fellows, has not learned how to put his knowledge to use to make this planet a place of plenty for all.

This is an epoch of belief . . . belief in dignity of the individual, belief in goodness and freedom and love; it is an epoch of incredulity, too, for man has shown an indifference to the things of the spirit that is appalling, a neglect of worship, a materialism that threatens to overwhelm the good of this age of ours.

It is a season of light for man's aims are high—he is facing his responsibilities for his fellows and through the United Nations is making some attempt to create a world of justice and right; it is a season of darkness because man falls so far short of his aims and still makes so many blunders in his groping toward a better world.

It is the spring of hope . . . hope that all mankind may some day be free to live in peace and harmony and enlightenment; it is the winter of despair because it may be that man may destroy himself before he can achieve that good will which must exist in every corner of the world if God's promise to man is to be fulfilled.

The Bible Today:

How beautiful upon the mountains are the feet of him that bringeth good tidings; that publisheth peace; that bringeth good tidings of good; that publisheth salvation.—Isaiah, III, 7.

\$400,000 For Mercy

The Red Cross is a society that is built on the premise that human beings, however capable they may be, will reach a time when they need an extra lift. And that extra lift is provided by the Red Cross.

We all know the Red Cross; its work, its history and its character. We know that it gives its help ignoring all man-made boundaries of race, religion, and creed. If a human needs help, the Red Cross will give it to him; therefore the Canadian way of life, as we know it, is unimaginable without the humanitarianism that is typified by the red Maltese cross on a white background.

Now we'll lay our cards directly on the table. The Red Cross needs money. It needs a lot of money . . . \$400,000 from the people of Alberta. That's a large sum, but it's a sound investment, too. In return for \$400,000, the Red Cross plans to spend in Alberta this year, a total of \$600,000. That's big interest on your money and not only big interest, for when you invest in Red Cross, you invest in humanity. You follow along the path of the Good Samaritan, and you follow the advice of St. Paul who covered the subject of charity very thoroughly.

No organization is stronger than the people in it and as loyal Albertans we believe we've a lot that is missing in other areas. The Red Cross is you . . . and you are the Red Cross in Alberta. Give as much as you can to the Red Cross during its 1952 campaign. You'll be the one to gain.

Taxes Are Insurance

Most of us enjoy a good beef about taxes and goodness knows there are enough of them to provide plenty of scope. If all the taxes, federal, provincial and municipal, were laid end to end . . . well, you figure it out.

In discussing taxes we refer to them as nuisances, as contributing to the staggering cost of living today, as plain robbery or even in terms scarcely printable.

Yet seldom if ever do we refer to them as insurance. We might, for they represent insurance against war in our own land, against unemployment and poverty stricken old age, against crime and the growth of unpleasant ideologies.

Rumor has it that there may be a bit of tax sunshine ahead for Canadians in the tax sky, comes the next budget.

The Revised Bible

Bible scholars have completed the revised version of the Bible, the third authorized revision in 341 years. In 1929 the International Council of Religious Education authorized the revision. Work was begun in 1937 and the New Testament was completed in 1945. Now the Old Testament has also been completed.

Thirty-two scholars from all the major denominations have applied themselves to the task of putting the Bible in simple modern language so that the average person who is not familiar with seventeenth century English can easily understand what he reads.

Here is a typical change from Isaiah's fortieth chapter. The King James version published in 1611 says, "The workman melteth a graven image, and the goldsmith spreadeth it over with gold, and casteth silver chains."

The revised version reads, "The idol: A workman casts it, and a goldsmith overlays it with gold, and casts for it silver chains."

While many of us feel that the new version cannot replace the King James version, we also feel that the new version is needed and that no home should be without it. Children will have no difficulty understanding the stories of Moses, Isaiah, and Jeremiah in the new version, while it was very difficult for them to follow the strange language of 1611.

Note and Comment

Apparently Edmonton housewives prefer their baby-sitters to be young 'uns. We wonder how old is the baby in the household requiring a 2-year-old sitter: "Wanted—Baby-sitter 2 years old. Box 688 Journal."

"STANDING FAST"

AS A DEFINITE indication of Churchill's avowed intention of "not presiding over the dismemberment" of Her Majesty's Empire, John Bull is standing fast at Suez to safeguard the "life-line of the Empire."

Voice of the People

SOCIALISM

A. J. W. Scott, Mannville, disagrees with Lewis Milligan, who is in favor of private enterprise, while Mr. Scott feels that private enterprise is dead.

Mr. Scott feels that co-operatives are only refunding an overcharge when they pay profits to those who own shares in them. I suppose, then, that Mr. Scott would feel that private corporations are doing the same thing when they pay dividends to their shareholders.

The trouble is that, as Mr. Scott himself admits, co-operatives do not operate in a co-operative society, but in a capitalist one. That is, co-operatives have the advantage of the use of all the railways, the banks, the factories and the rest of the great equipment with which the capitalist system has endowed this country.

Imagine what sort of a chance a co-operative would have today, if it could not use these capitalist undertakings. In fact, the real difference between co-operatives and private business is that co-operatives do not have to pay their full share of the taxation required to keep up the public services which are available to co-operatives as well as to private business.

Mr. Scott feels it is wrong to describe the late British government as a Socialist one, or to say that this government did anything except improve conditions in Britain. He justly points out that much of what has gone wrong in Britain has been produced by policies which were in effect before the Socialists got into power. It is very difficult to avoid the conclusion that British governments have, for a long time, been adopting Socialist plans, which only produced their full result when a Socialist government got into power.

Finally, Mr. Scott wants us to understand that we must give up more freedom in order to preserve freedom. Naturally, everyone in a community has to give up some of his freedom in order to keep the community functioning; but it is a little difficult to see how giving up any more freedom can

do anything except destroy that freedom.

Surely, when a government goes beyond those things which only public authorities can do, and beyond the enforcement of those laws which are necessary to keep society functioning smoothly, the government is going to find itself going straight ahead to enslaving the people.

If Mr. Scott really wants to know why the Socialist government in Britain made such a great failure, it was because it was afraid to go on with its task of socializing the nation and destroying the freedom of the individual. The British government fell because it would not face the necessity of making people work where the government clerks thought they should work, and forcing them to take the wages which government clerks thought they should receive.

Socialism is only possible when it is allowed to go to its logical end—which is to reduce the community to that condition of social security and paternal supervision which used to prevail on slave plantations, and is now only to be found in Russia.

WELL DONE WITH.
Calgary, Alta.

PURPOSE OF FUA

An article in the "Organized Farmer" says about the FUA:

This is a farmers' organization formed and run by farmers to protect and advance their interests. Our objective is Parity for Agriculture. The FUA has no other purpose than this, and it must not be diverted from that purpose by people with an axe to grind, or by the "Red Herrings" which our enemies are so willing to drag across the trail.

What happens to the democratic principles of free speech, freedom of the press, freedom of criticism, so evident at the first merger convention? The less than 5,000 membership is due to the lack of democratic leadership in this farm organization. Where do we go from here?

THE LIGHTER SIDE

Tough Luck
 When Smith walked into his friend's office, he found him sitting at his desk, looking very depressed.
 "Hullo, old man," said Smith.
 "What's up?"
 "Oh, just my wife," replied the other, sadly. She's engaged a new secretary for me."
 "Well, there's nothing wrong about that. Is she a blonde or a brunette?"
 "He's bald."

Colorful
 Reporter: "What shall I say about the two peroxide blondes who had the fight at the baseball game last night?"
 Editor: "Why just say the bleachers went wild."

Way to a Short Life
 Lung Specialist—"A man who sings at the top of his voice for an hour a day won't be troubled by chest complaints in his old age."
 Pre-Med—"He probably won't even be troubled by old age."

Irony
 In a crowded theatre a young woman brushed past a man about to take a seat. Before he recovered his balance the young woman and her husband had taken the only two seats available in that part of the movie house.
 "Sorry," said the husband; "we just beat you."
 "That's O.K.," said the man who has been pushed out. "I hope you and your mother enjoy the show."

Professor Says
Grammar Rules
Now Outdated
 CALGARY—(BUP) — A university professor said here that school children should be taught modern English including colloquialisms which usage had made accepted.
 Dr. H. S. Baker, education professor at the University of Alberta in Edmonton, said there was no use in teaching children "a lot of out-dated grammatical rules."
 Baker said absurdities crept in if teachers were too strict in observance of old, traditional rules of grammar.
 As an example, he said it was now perfectly correct to say, "It is me". He said it sounded a little over-precise to say "It is I."

Ohio Pooh-Bah
 DEGRAFF, Ohio—Virgil Farr won't lack for variety in his new job. The village council of this western Ohio community has hired him at a salary of \$3,000 a year to be: 1, police chief; 2, water superintendent; 3, street cleaner; 4, fire department janitor, and 5, city hall cleanup man.

The Brute
 Henpeck, in a sorely battered state, was being cross-examined by a bullying counsel.
 "Do you mean to tell me that you have always treated your wife with respect?" asked counsel.
 "Always," replied Henpeck, firmly.
 "And you've never once spoken a hasty word to her?"
 Henpeck hesitated for a moment and the lawyer was quick to seize the opportunity. He roared, "I want the truth!"
 "Well," faltered Henpeck at last, "I remember I did once say to her, 'Put down that poker!'"

Watch That Damp Grain
 The next few months will be a critical time for grain that went into storage last fall with a dangerously high moisture content. Maintaining a close check now on both the moisture content and the temperature of damp grain in storage will help to avoid heavy losses from heating and spoilage this Spring.
Molds Cause Spoilage. Molds are at the root of all heating and spoilage problems in stored damp grain. The only effective spoilage control now known is to keep all portions of the bulk grain as dry as possible so that no molds can grow.
Important Facts. The rate of spoilage in stored grain depends largely upon the moisture content and the temperature within the grain bulk itself—not upon the outside temperature. Grain storage experts have found that grain containing 16 to 18 percent moisture can be kept in good condition for months at a temperature of 40 to 60 degrees Fahrenheit. But if grain of this moisture content is kept at 70°F. it will become "musty" in a couple of weeks, and totally spoiled within a month. These facts suggest the value of having damp grain stored in bins on the North side of a granary or elevator, where the temperature within the grain bulk itself is likely to remain at a reasonably safe level for a considerable time this Spring.
Moisture Accumulates. During the winter months, the moisture in grain stored at a high moisture content becomes unevenly distributed within the bulk of grain. For example, moisture usually accumulates in those portions of the grain near the cool outer walls of bins and near the tops of bins. When the grain warms up this Spring these portions will be the first to begin molding, heating and spoiling.
 Damp grain can only be stopped temporarily from heating by turning it from one bin to another. For reasonably safe protection the moisture content of the grain should be reduced to dry grade. When this is impossible, damp grain should be marketed or used before warm weather occurs. Watch that damp grain closely now. Waiting until the grain shows signs of heating may be too late to prevent serious deterioration.

\$1 for BRIGHT SAYINGS
 The Editor will pay \$1.00 for each child's saying printed. To qualify, items must be true, personal remarks of a child known to the writer. Address "Bright Sayings", P.O. Box 4368, South Edmonton.
 My little girl aged four had been looking at a picture of a dead person in a coffin, then asked, "What's that Mama?" "It's a dead man in a coffin," I replied. "Well how can he be coughing if he's dead?" she said.

PERRYVALE
NEWS BRIEFS

Mr. John Bjork, section foreman here, passed away suddenly on Tuesday, March 18. Death was

due to a heart attack. Burial was in Edmonton Saturday, March 22.

The Women's Club will meet in the hall on Tuesday, April 1, at 8 p.m. Miss Andreassen will be present to speak and to demon-

strate huck weaving. Please note change of date. All ladies invited; bring needle, embroidery cotton and scissors. Miss Andreassen will supply the huck at 75c per yard.

The Catholic Women's League will hold a whist drive, sale of work and home cooking in the hall on Saturday, April 5. Everyone welcome.

Mr. and Mrs. Fred Lewis and

family, of Lac la Biche, spent last week-end with relatives here.

Mr. and Mrs. Wesley Stewart of Lloydminster visited this week-end with relatives here and at Rochester.

Beyond Compare... Anywhere!

it's **HERE NOW**

the Breathtaking

1952
Monarch

NEW 125-HP. V-8 ENGINE

New high-compression design backed by Ford's experience in building more V-8 engines than all other makers combined.

NEW

all through!

It's the most exciting Monarch ever built... it's beautiful beyond compare with all-new styling and it's 'way up in power too! Proudly it looks its part... and paces its fine-car field... as the most distinctively new and different car to hit the Canadian road for '52! See this new Monarch for yourself. Then just drive it! You'll—

Ride like a King!

DIFFERENT

every way!

No need to look and look again to see the difference in this new car! Take just one glance at that stunning new hood and grille—at that huge, one-piece curved windshield—at the new rear end treatment. Here's advanced design... here's new luxury and room inside as well. Now you can command the most powerful Monarch V-8 Engine ever built and—

Ride like a King!

BEAUTIFUL

beyond compare!

It's a beauty to look at, a beauty to drive, with its choice of three great drives... famous Monarch Automatic Transmission or Overdrive (optional at extra cost) or silky-smooth conventional transmission as standard equipment. Whichever you choose, in this 1952 Monarch you'll thrill to a ride beyond compare as you—

Ride like a King!

White sidewall tires, full disc hub caps, rocker panel mouldings, bumper-grille guards and fender skirts optional at extra cost when available.

M.D. MAY BE FORMED AT BOYLE; SONS OF FREEDOM, DEMOCRACY MEET

WILLOW FLAT — The possibility of a Municipal District being formed at Boyle was a main feature of a meeting held in the hall at Willow Flat on March 23, when the Sons of Freedom and Democracy debated their problems.

After some discussion the picture began to emerge that Prosperity and Willow Flat should be cut off from Division 5, and that the M.D. of Athabasca was too large as constructed at present and a line should divide Boyle and Colinton and create a M.D. at Boyle. As all present had signed to support a seed cleaning plant at Boyle, and as one would be needed at Athabasca and these people would not agree to one plant, by making two M.D.'s would solve many problems, People having a bank the M.D. office could be located in Boyle.

Albert Spila then made a plea for Social Credit. Albert was the secretary and president of a one-man group and called for reinforcements. Granting that Social Credit had failed to help the district, he pleaded to give the Government one more chance and an invitation be extended to Mr. Tobay, the present M.L.A., to address the group at his first opportunity. As this is an election year, it was decided there was merit in Albert's talk and he should have support.

There was absolute unanimity in the determination to see to it this district shall suffer wrong no more. A concise list of grievances was compiled and a delegation consisting of Harry Lewicki and Albert Spila was nominated to present this matter to the Social Credit Provincial constituency executive in Lac la Biche for their perusal and action.

GRASSLAND Alberta

Boyle To Have Nurse By Oct. 1

BOYLE — At a recent Board of Trade meeting, Mr. Alexander and Mr. Eolten reported on their mission to the council meeting at Meanook.

Miss Fitzsimmons, Director of Public Health and Municipal Nursing, also attended, and reported to this delegation that a nurse will be available for Boyle by Oct. 1, provided that the home is completed by that time.

The Board of Trade has now started a Building Fund Collection. The objective is \$4,000. Deserving mention is the town council for Boyle which has set aside \$500 of town allotment toward this project. All other donations will be posted from time to time showing the progress being made.

The Board of Trade seeks the co-operation of all citizens to contribute to the best of their ability, in order that the district can get the service which is drastically needed.

A report by Mr. Alexander who is chairman of the Hospital Board, informed the meeting that a six mill requisition is planned for this year. This is two mills less than had been assessed last year. The eight mill assessment left the Hospital District with a surplus of \$3,000.

The nurse which will be provided for Boyle will cost the taxpayers of the Boyle Hospital District one extra mill which, explained Mr. Alexander, is very cheap health protection.

Between now and Oct. 1, the nurse presently situated at Grassland will visit Boyle twice monthly. It is believed that the visit-

ing days will fall on the first and third Fridays of the month.

The Boyle and District Board of Trade in co-operation with the Farmers' Union, have arranged to call a meeting of all farmers interested in the erecting of a seed cleaning plant in Boyle.

At this meeting it is expected that a few of the government officials will attend. Among those invited will be Mr. Fitzpatrick from the Co-op and Credit Union Supervision, Mr. Sterling from the Field Crops Branch, Mr. Marion, D.A. for Lac la Biche, Mr. Godel, D.A. for Athabasca, Fred McGara, D.A. for Willingdon, Harry Lobay, M.L.A. for Lac la Biche, and Gordon Lee, M.L.A. for Athabasca.

It is expected that all organized committees formed throughout the district will attend this meeting, and that the directors for the Seed Cleaning Association will be appointed from these groups.

The meeting is scheduled for the 19th day of April at 2 p.m. in the community hall at Boyle.

Farewell Party

PROSPERITY—Saturday night a farewell party was held for Shawnee Robinson at Stanley Zayezierski residence. Shawnee is an old resident who has sold his place and is moving to Breton.

At the end of the party, friends joined together to sing "He's a Jolly Good Fellow" and a collection of \$25.00 was presented to him. All wished him well in his new venture at Breton.

More than 12,000 pounds of aluminum are needed for every jet fighter plane manufactured in Canada.

Edmonton Boys' Band Entertain

BOYLE—One of the largest and most enthusiastic crowds to assemble in the local hall for a long time turned out on Saturday to hear a fine musical program put on by the Edmonton Boys' Band and their four charming majorettes. The band was sponsored by the Rock Oil Company of Edmonton and Charles Mellott, their local dealer.

Mr. F. L. Elford, manager of Rock Oil, explained the features of the Fluid Drive Tractors to the audience and the question period

Northern Garage and Machine Shop

Experienced Welding and
Blacksmithing

R. Michetti LAC LA BICHE

was handed by Clarence Lovig. This was followed by a demonstration of the tractors and cultivators in front of the hall.

A number of very acceptable door prizes were drawn for during the afternoon by the majorettes, and distributed to the lucky ticket holders.

A giant Douglas fir tree recently felled on Vancouver Island for lumber had a circumference of 15 feet, was 1,106 years old, and must have been a large tree when the Magna Charta was signed in 1215.

LAC LA BICHE NEWS BRIEFS

The Alaska Fisheries purchased the Invented Fish Pool and the Inland Fisheries is enlarging their plant. Fishing closed March 31, with the three fish companies buying fish. For the past while there has been one, Menzies Fisheries, with Roy Raines manager.

Miles Hargroves from Glendon is employed at the L. and W. Service Garage.

Miss Millie Weber returned to her home after spending two weeks visiting her sister and brother-in-law, Mr. and Mrs. Premo Varze.

Ross Mitchell, with his wife and two children, returned from the city where they spent the past week.

Mr. L. Bidard, from Jousard, Alberta, sales agent for the Salad Master spent three weeks here

taking orders and sharpening knives and scissors.

Mr. and Mrs. Premo Varze are the proud parents of a daughter born March 23, at 4:40 a.m., Debra Corine.

Mr. Louis Peltier has been pensioned off the N.A.R. after 38 years of service. Mr. Cunningham has taken the position here at the roundhouse. He expects to move his family up from Edmonton after the end of the school term.

Mr. Chas. Calvert is town police. He commenced duties on Wednesday, March 26.

Mr. and Mrs. Jimmy Hamar are visiting Jimmy's father, Micheal Hamar, Jimmy is employed with the Western Geophysical Oil Company at Peace River.

Mr. and Mrs. Barney Arnfinson returned home after spending the winter at Mile 137 where Barney has been employed with the Imperial Mills for the past two winters. In six weeks Barney will go north to Great Bear Lake to work for the Northern Transportation Company.

Mike Arnfinson from Edmonton is visiting his brother and family. Miss Linda Holmes was a month in the city visiting her grandparents. She returned home with her mother Friday.

Romeo Coutney and Adrien Vandike of Edmonton have opened a real estate office in the city. Mrs. Coutney will be here until her husband can locate a house for them.

Mr. and Mrs. Simpson from Calgary visited relatives here on their way to McMurray.

Mr. Leo Hibner from Leduc was a business visitor enroute to Yellowknife.

Phillip Patry from Athabasca, came with a load of BA oil for Central last Wednesday returning the same day as the ban went on the road at 7:00 a.m. Thursday.

Edward Hawirko was in the city last week on business.

If your subscription has expired, or if you would like to subscribe to the Herald, contact your local editor, Mrs. Tatum.

By the end of 1952 about 700,000 Canadians will be receiving federal old age pensions; this number combined with children in receipt of Family Allowances will bring number of Canadians receiving monthly Ottawa cheques to about five million.

PROGRESS REPORT

— OF —

NEW DEVON PETROLEUMS Limited

New Devon Petroleum Ltd., incorporated last November, commenced a drilling program on three pieces of property. These plans have now been completed, and New Devon No. 1 was put on production on the first of March. Since this initial program was announced, New Devon have acquired an interest in the following properties:

● North Calmar Area ...

A carried interest consisting of 12½% deferred net royalty in L.S.D.'s 3, 4, 5 and 6, of 35-49-27-W4th on which Royal Arch Oils Ltd. has announced that drilling will start immediately. New Devon No. 1 is on production on L.S.D. 15; Texaco-Pearson No. 1 is producing from L.S.D. 9 and New Devon plans to drill L.S.D. 10, all in the same section.

● North Camrose Area ...

35% interest in a development agreement covering L.S.D.'s 3, 4, 5, 6, 7 and 8 of 15-47-20-W4th on which Skyline - New Devon - Mic Mac - Camrose No. 1 is presently drilling.

● South Calmar Area ...

10% interest in the following wells, which will convert to 5% net royalty after recovery of drilling costs:

Mic Mac No. 5—on production
No. 6—on production
No. 7—drilling
No. 8 location

● St. Paul Area ...

10% interest in Crown Reservation No. 1705 covering approximately 80,000 acres about five miles S.E. from the Kilcam Cork discovery.

● To date New Devon Petroleum Ltd. has an interest in four producing wells and has in addition thereto an interest in two wells currently drilling and in two further locations which have been staked.

This report is for the information of the Shareholders only, and does not constitute an invitation to purchase shares. The original issue has been fully subscribed.

NEW DEVON PETROLEUMS Limited

*More Years of

**LIVEWEIGHT
TRACTION**

gives farming a real boost!

When your field work calls for more real pull, live-weight traction will see you through.

The hydraulic TRACTION BOOSTER in the CA and WD Tractors changes deadweight to liveweight. Weight of both tractor and implement is automatically shifted to bear down on drive wheels when soil is stubborn and tillage is tough.

The hydraulic TRACTION BOOSTER reduces wheel slippage — enables the CA and WD to do draw-bar jobs that normally would require heavier tractors. Stop in and let us show you how it works.

EDMONTON DOCTOR CURES CHILD'S CLUB FOOT CONDITION

An Edmonton surgeon whose name is being held by request, and the Associated Canadian Travelers Crippled Children's Fund combined in providing surgery and hospitalization which resulted in the complete cure of a club foot condition for little Riel Heures, of Jousard, Alberta, during the past year, according to information received in a letter from his mother at Easter Seal Campaign Headquarters.

The Edmonton doctor performed the necessary surgery without charge, while the local ACT paid all hospital bills and transportation costs from their Easter Seal funds.

Writing to the Easter Seal Committee, Mrs. E. L. Heures stated "his foot is completely normal today, thanks to the work of the doctor and the ACT who paid the hospital bills for the ten months that he was in the University hospital; for this I shall forever be grateful."

The Kiwanis-ACT 1952 Easter Seal campaign, which runs to April 13, will enable these clubs to provide treatment for more children with physical handicaps. Children from all parts of the province will be helped through Easter Seal funds. The response during the first four days has been very gratifying, the committee told the Sun today, but the demands on the funds this year are greater than ever before.

Vilna High Takes Grand Challenge

VILNA — Vilna High School rink, winning three games, took first prize in the Grand Challenge at Willingdon. In the first game, Mack defeated Worabest of Andrew, in the second game he defeated a Willingdon rink.

The final game was played between Julian Fedorak of Willingdon and Mack of Vilna, Vilna winning the game with a score of 14-5 in a 12-end game.

The Vilna rink consisted of skip, George Mack; third, Pete Shysh; second, Gladys Shysh; lead, Rosemarie Viteychuk.

A banquet was served at the Kozy Corner to all curlers and a few Willingdon members. Vegreville won first prize in the second event.

E. Wright Elected In Division 5

PROSPERITY — Earl Wright won the election in Division 5 held Saturday, March 22. However, Prosperity and Willow Flat, as was expected, gave strong support to their local representative, Stanley Zayezierski, who won 52 out of 57 votes cast.

Women's Institute Hold March Meeting

LAC LA BICHE—The regular meeting of the W.I. was held in the Dr. Swift school, with 27 members present. The minutes of the last meeting were read and accepted.

It was moved by Mrs. L. Griswold that an effort be made to get a music teacher; this was seconded by Mrs. J. Williams. It was moved by Mrs. Chester and seconded by Mrs. Booker that all bills be paid.

The hospital convener reported two hospital calls and a bouquet of flowers was sent to Miss G. Jones, a past member, in an Edmonton hospital. A chenille bedspread was raffled on March 17 at the Legion dance, and won by little Phil Coutney, son of Mr. E. Coutney.

Mrs. Cadzou, Mrs. V. Griswold, Miss A. Coutney, Mrs. W. J. Chester, are on the lunch committee for next month.

In the absence of the president

GRASSLAND NEWS BRIEFS

Nick Zatorski and Laing have moved on to the old Omiecinski farm which they purchased last fall.

Receipts turned over to the Red Cross for the special picture show on March 16 were \$35, not \$25 as previously reported.

Leo Hurtubise made a short visit to his parents this week.

Miss Amelia Kazmierczak has returned to Grassland and is staying with Mrs. Steve Luchka. Amelia has been working in the office at Universal Garage, Athabasca.

Mrs. W. A. Corse is still in the city recovering from a serious operation, and is progressing favorably.

Auto accidents this week include collision between trucks driven by Orest Chromiak and William Davidiuk, near Atmore, and Fred Johnson and F. Killar, four miles north of Grassland. In both cases damage to vehicles was heavy, but no personal injuries occurred.

Mrs. Hrynyk is visiting relatives at Plamondon Bay.

Big graders belonging to the Department of Public Works were clearing the highway of snow through Grassland on Thursday.

Mr. and Mrs. Ira McKenzie visited Mr. and Mrs. Lloyd Dakin on Sunday.

An exceptionally good picture, "Random Harvest" was enjoyed by a large crowd on Saturday.

Nick Fedorchuk and John Osadchuk, who recently left for B.C. to look for work have returned to Grassland and report that jobs are exceedingly scarce.

BOYLE NEWS BRIEFS

In a recent issue of the Beacon, an article stating that a hospital is proposed for Boyle, is completely false, and was not made by the Board of Trade. A nurses' home is now being undertaken, however.

The Giant Oil Company is now getting organized to drill one and a half miles south of Boyle. It is believed that five such holes are going to be drilled by this company, in search of gas.

Drilling operations are under Trinidad Leaseholds, with Darcy Sherman as tool push.

PERRYVALE NEWS

A benefit dance for Mr. and Mrs. Lloyd Morrell, whose home was destroyed by fire, was held here on Friday, March 28.

The Home and School Association met on Wednesday, March 19, with a good attendance. After the regular business was disposed of Mr. V. Laskosky summarized the topic. "Are modern schools spoiling your child?" A lively discussion followed the reading of the article. Next meeting will be held on Tuesday, April 22, to decide about sending a delegate to the provincial convention. Topic for discussion will be, "Let's Take Them Back to the Woodshed". Everyone invited.

LETTERS TO LOUISA

Dear Louisa,

I am a second wife and my husband is very devoted to me, but one thing worries me and this is it. In practically every room in our house there is a picture of his first wife. She evidently liked photographs and there are family groups of my husband and her here and there. It is beginning to get on my nerves having her with me every minute. When I tell him goodbye in the morning there she is looking me in the eye over his shoulder. In fact, she is always with us.

Do you think it will hurt his feelings if I put them away? He has two dear little boys that I love very much and I shouldn't like to estrange them. What do you think about this?

L. B. M.

Answer:

Why not have a general house-cleaning—take down the pictures and put most of them away. Re-hang the ones the children feel the most sentiment about either in their rooms or in the least frequented places in the house.

I don't think that a husband can forget a wife he loved very much but that is no reason for him to keep throwing up the evidence of his first love to his second wife. It would have been more considerate if your husband had put away some of these photographs before he brought you home.

LOUISA.

Dear Louisa,

My neighbor moved here about a year ago and we came to be very close friends. But since her husband got a promotion, she has

been getting invited to the homes of wealthier people than we are.

Now when we are alone, she is just the same but when I meet her with some of her new friends, she hardly sees me. This has hurt me very much because I thought she was sincere. My husband advises me to drop her altogether.

D. M.

Answer:

If you are sure that she was intentionally ignoring you when in other company, I should certainly let her go her own way, but be sure of this before you make up your mind.

These fair weather friends are not real friends. They are selfish people who are interested only in themselves and in someone who can serve their purposes best.

LOUISA.

Rates And Dates For Seeding Cereals In Northern Alberta

OTTAWA—Date and rate of seeding cereals is important, particularly where frost is a hazard and moisture is limited.

At the experimental sub-station, Fort Vermilion, Alta., spring wheat varieties were seeded at five different dates; the first as early as possible—generally the first week in May—and the other at weekly intervals thereafter. Over a two-year period, reports W. O. Klatt, the first seeding significantly out-yielded all others for all varieties. More tillering and longer heads were characteristics of the grain from the early seeding. The fourth and fifth seedings were relatively low in yield and frost damage was evident.

Results from tests on rates of seeding show the optimum rate for wheat to be 1 to 1½ bushels an acre; barley, 1½ to 2½ bushels; and oats, 2 to 3 bushels. Lighter rates resulted in lower yields and weed infestation. Though heavy seeding seldom reduced the yield, there is a definite limit beyond which it will fail to increase it. An increase in rate of seeding beyond the optimum range of wheat and barley resulted in a reduction of tillering, length of head and number of kernels per head.

Oops!

OTTAWA, Ont.—A truck backed up to the wrong window here and emptied five tons of coal into a basement beauty shop owned by E. J. Benoit. There were no customers in the shop at the time. Hector Boudeau, truck driver, said he thought the window opened into a coal bin.

\$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moment of My Life." To qualify, items must be true, personal incidents. Address "Embarrassing Moments", P.O. Box 4368, South Edmonton.

I was milking the cows, when I heard the barn door being softly pushed open. Thinking it was my friend who came every night to help me and, being unable to see him in the oncoming dusk, I thought he was trying to creep up and scare me, so I boldly and loudly said, "Don't try to scare me, you dope." Was I ever embarrassed when a total stranger walked in the door!

ROY BLACKBURN.

Clyde, Alta.

When I was 15 years old my brother, in teasing me, would hide and jump out to frighten me. One day I came home to find no one around but, hearing footsteps, suspected my brother of hiding behind the door. I grabbed a towel, and was ready to scare the living daylights out of him. When the door opened I flung the towel in his face, screamed and made to scare him as much as I could. Imagine my embarrassment when I discovered it wasn't my brother, but an elderly neighbor man who stood in the doorway in front of me!

MRS. G. RAYMOND.

Keephills.

I was a bachelor homesteader and made a "coffee cake" according, as I saw it, to instructions in the cook book and was quite well pleased with the results. Until, that is, two neighboring women settlers called in for tea, took one bite of my prized cake and then laid it down, each with a wry smile on her face. When I tasted it I found I had used ground coffee instead of liquid coffee. It was a most embarrassing moment for me.

MARION MELLOTT.

Colinton.

THE EXECUTIVE COUNCIL OF ALBERTA—The above group of men carry the initial responsibility of the important job of government in Alberta. In the centre of the picture, at the head of the council table is Hon. E. C. Manning, Premier and Provincial Treasurer. On Mr. Manning's right, to the left of the picture, are shown, from left to right: Hon. D. A. Ure, Minister of Agriculture; Hon. Dr. John L. Robinson

(Industries and Labor); Hon. N. E. Tanner (Mines and Minerals, Lands and Forests); Hon. Lucien Maynard (Attorney-General); Hon. Dr. W. W. Cross (Health and Welfare). On the premier's left, to the right of the picture, shown from left to right are: Hon. A. J. Hooke (Economic Affairs); Hon. D. Bruce MacMillan (Public Works); Hon. C. E. Gerhart (Municipal Affairs, Provincial Secretary and Civil Defence); Hon. Ivan Casey (Education); and Hon. Gordon Taylor (Highways and Telephones).

Seed Treatment Ups Germination And Crop Yields

How seed germination may be improved by treatment with a mercuric fungicide was strikingly illustrated last year in tests at privately operated experimental plots at Birtle, Manitoba.

Not only was germination nearly doubled but yield was increased by nearly one-half.

The experiments were conducted on a plot operated by Leytosan (Canada) Limited for purposes of testing the company's own products. In the trials untreated flax seed germinated only

43 per cent. The same seed treated with Leytosan dust germinated 73 per cent and yielded 42 per cent higher than the untreated seed.

Some of the seed used was damaged in threshing. How this kind of damage occurs and effects of it were stressed at the recent annual convention of the Manitoba branch of the Canadian Seed Growers' Association in Winnipeg by Dr. H. A. H. Wallace of the Dominion Laboratory of Plant Pathology.

In barley, particularly the malting varieties, where threshing damage may be heavy and seriously impairs the grain for malting purposes, Dr. Wallace illustrated with slides how the soil fungi enters the cracks or contacts the peeled surface of the kernel, attacks the young seedling, causes stunting of the plant, and often prevents reproduction entirely. It was also demonstrated how seed treated with Standard seed dressings improved the yield in some soils as much as 50 per cent.

In flax the damage may be even greater from a seed standpoint. Cracks caused by threshing in flax are very minute, often capable of detection only with a microscope. Small as they may be micro-organisms of the soil enter these cracks and seriously impair germination.

In the year 1951, Canada counted more than 2,500,000 automobiles on the road, including 600,000 trucks.

Cattlemen Should Report Disease Signs At Once

Hon. D. A. Ure, Alberta Minister of Agriculture said last week that any owner of cattle who may suspect foot and mouth disease in his herd should report to the authorities immediately. The report may be made to the nearest Health of Animals Division inspector, local veterinarian. Veterinary Services Branch of the Alberta Department of Agriculture, Edmonton, or to the nearest district agriculturist.

Under no circumstances should an owner call his neighbours over to see a suspected case, warns Dr. E. E. Ballantyne, Director of Veterinary Services. Nor should he bring in his car a head, tongue, or other part of the suspected animal to the Provincial Veterinary Laboratory. All inspections must be made on the owner's farm.

If the symptoms warrant, material will be taken to a specially trained inspector to be forwarded to the Animal Diseases Research Laboratory, Hull, Quebec. No part of a suspected animal must be removed from the farm except under such authority. It must be remembered that foot and mouth disease will infect all animals in a herd and not just one or two, says Dr. Ballantyne.

Heavy Traffic Banned

The Municipal District of Strathcona, No. 83, have placed a ban on all truck and tractor traffic on the municipal roads, effective 7 o'clock a.m. Tuesday, March 25, 1952.

School buses, 1/2-ton trucks, unloaded, and milk trucks with half loads are exempt from ban.

Parking Problem Solved For Autoists Buying License Plates In Edmonton

In view of the inconvenience to the public in former years, arrangements have been made this year in Edmonton to provide additional facilities for the purchase of passenger car license plates by motorists. This has been done by arranging for extra wickets for distribution at the main Office of the Motor Vehicle Branch in the Administration Building and by arranging for a distribution centre located in the Junior Building which is immediately west of the main entrance to the grandstand in the Edmonton Exhibition grounds.

Ample parking space is provided at this new location and the Department proposes to arrange to have several issuers located in this building to accommodate those motorists who wish to avail themselves of the facilities there. Both offices will operate the regular Government hours, that is, from 8:30 a.m. to 4:30 p.m.

It is hoped by the Department

that many Edmonton and district residents will purchase their plates from the issuers located in the Junior Building in the Exhibition Grounds and so relieve the congestion which ordinarily occurs in the Administration Building.

It is hoped that in view of the additional facilities that it will be possible for all motorists to obtain their 1952 plates, without too much inconvenience or waiting in line, by April 15.

21 Citizens Attend Civil Defence Meeting

LAC LA BICHE—A preliminary Civil Defence meeting was held at Lac la Biche on Wednesday evening, March 19, in the Dr. Swift School.

The organization from the Federal down through the Provincial to the Municipal level, and the local services were briefly outlined by J. Williams and O. Tremblay. Twenty-one citizens were in attendance.

Training commenced on Wednesday evening, March 26, in the Dr. Swift school.

RICH LAKE NEWS BRIEFS

The roads here were recently snowplowed but, by the looks of them now, a "mud plow" is needed.

Mat Farvolden is visiting his brother at Forestburg.

Alfred Tricker was a week-end visitor at Mr. and Mrs. Ira Kumpula's.

The intermediate school was closed here for a week because of teacher's illness.

A FUA dance was held at Rich Lake school on March 14. An enjoyable time was had by all. A number of people were out from Lac la Biche.

The new school is nearly completed.

Mr. Cal Kumpula has a new 1952 Fargo truck.

Ira Kumpula has a 1952 International truck.

Mr. Lloyd Strickler and his

family moved to Rich Lake last week. He is employed with an oil company. Walter Kumpula visited his pany.
